

# BB002

BB-002 is more slim than BB-001 head size 3 inch baby type cotton swab. Head is spherical, lint-less and highly absorbent with excellent water absorption and in convenient to use a solvent soaked. It is used by Micro scoop, optical equipment, connector and so on, also burnable for easy disposal therefore suitable for mass-user.

- ◆ Absorbent cotton head is ideal for use with aqueous based solutions
- ◆ Tightly wrapped head help maintain low level of extractable residue
